

EC CHAMPIONS

DID YOU KNOW?

The 3 Rs (reduce, reuse, recycle) help to cut down the amount of waste we throw away

- ➔ **Reduce:** Try to produce less waste
- ➔ **Reuse:** Keep using things for as long as you can before replacing them
- ➔ **Recycle:** Put certain items into the correct recycling process

WASTE

CHOICE 1

Collect rubbish from everyone's packed lunches, recycle what you can, then put the rest into the waste bin.

CHOICE 2

Use clean rubbish (from home, or packed lunches) to create some art. It could be a waste awareness poster that encourages friends and families to get involved.

TOP TIPS

Here are some reduce, reuse, recycling songs:

- <https://youtu.be/d1mFymbRmv4>
- <https://youtu.be/e5fos1Crbsc>

Make sure any waste you've collected for your art is clean enough to use

Split into groups and have a competition for the best piece of art

HERE'S THE EVIDENCE!

- Upload some photos or a video of the activity and add a link.
- Or share some other evidence of what you did.
