
QR Codes Week 1

While schools are closed we would like to help communities stay active and inquisitive with their families. Please use these QR codes to print out and place around your local community to encourage families to get out and have a little bit of fun in these unprecedented times.

Week 1 – we have focused on family activities aimed at primary school age. They are split into category's and there are 10 to find

Education

Action

Activity

Story Time

General Knowledge

Exercise

You may decided to produce a map of your village to show where you are placing your QR codes to help it easier to find.

Good luck and if you would like any more information please email outdoorted@outlook.com if you have some great YouTube links please also send these to our email address.

In the coming weeks we will also be looking into making some videos for a personal challenge so keep your eyes on the following
@OutdoorTed7 facebook
@IndoorTed facebook page of resources during COVID-19 homeschooling
